

# Differentiated Instruction Follow-up Clinic (Level II): *From Theory to Practice*

*This workshop is specifically designed for secondary teachers who have attended the Level I: Differentiated Instruction Clinic that was offered last year and who desire to go deeper into differentiated instruction. This clinic will meet two times over the first semester with the former Level I participants.*

*Participants will be expected to attend all the two sessions and to fulfill the clinic's assignments via classroom application. The clinic will deepen teachers' understanding of scaffolding with high-impact, low-impact strategies, and provide greater practice with tiered assignments..*

**Type of PD: Salary Credit**  
*A light dinner will be provided.*
