

# Secondary Professional Development September 2010

August 31, 2010

Dear Educator,

Many of these workshops are offered to teachers on a voluntary/optional basis, particularly those that are offered off-contract. The “type” column specifies how the session will be recognized (i.e., salary, in-service, or stipend) with the understanding that professional development hours will also be given, despite the type listed. Where stipends are given, teachers may be able to receive “salary credit” instead IF the workshop meets the salary credit requirements. For specific inquiries, please contact the presenter who is coordinating/presenting the workshop before registering/attending.

## EDUCATIONAL TECHNOLOGY

In addition, teachers and administrators should regularly check our Professional Development Homepage under “Opportunities,” to see the monthly Calendar at <http://profdev.lrsd.org> and the Instructional Technology Department’s link at <http://lrsdtechcenter.org> for technology workshop.

## NOTE;

**All school-based rosters and accompanying agendas must be submitted within ten (10) days of the professional development activities to Sharon Kiilsgaard in the Department of Leadership and Secondary Teacher Development.**

**Failing to submit rosters in accordance to the timeline may result in the workshop not being entered.**

## How will I receive credit for attending one of the approved listed summer workshops on the secondary published calendar?

- If the workshop was district-sponsored, then an agenda and rosters will be sent by the presenter or coordinating department.
- The attendee will complete and submit a Revised Out-of-District Reporting Form to the Professional Development Office within ten days after attending the PD activity or no later than August 24, 2010.
- The attendee should attach the appropriate documentation to the form. Send paperwork to the Professional Development Department/IRC.

## Where can I find the form and other PD information?

Visit the Professional Development Homepage at <http://www.lrsd.org>, click on Departments, select Professional Development and then click PD Homepage.

## How do I obtain a PIN number to report my PD hours?

Visit the Professional Development Homepages at <http://www.lrsd.org>, click on Departments, select Professional Development and then click PD Homepage, and click on Forms.

## Can I count college course work toward my professional development hours for this school year?

Yes, if you have completed a course during Summer I and II or will be taken a course this Fall or Spring, you can count it. Go to the “Forms” page on the PD Homepage and print the form. “Request for 15 Hours Credit for PD.”

## **SECONDARY CALENDAR - SEPTEMBER 2010**

**Bold denotes to register at <http://profdev.lrsd.org>**
