QUALIFYING FOR DUNBAR MIDDLE SCHOOL'S GIFTED AND TALENTED PROGRAM

If your child is already GT, you must provide the district-level GT office with documentation that proves your child has been ACTIVELY participating in a GT Program within one calendar school year. This documentation could include, but is not limited to a letter on school letterhead, stating your child has been participating in GT, and/or results from state-approved GT assessments which could include creativity score, intelligence quotient, logic/reasoning score, etc. (NOTE: Producing ONLY state test score information does NOT constitute participation in a GT Program.)

If your child is NOT already GT, you must

- Enroll in LRSD and be assigned a district ID number
- Mark/select International Studies on your DUNBAR enrollment form (for now)
- Make arrangements with Dr. Kimberly Brown to be tested for GT (501) 447-2627 or e-mail at kimberly.brown@lrsd.org
- Receive qualifying results from the GT testing
- Get tagged GT via the district's GT office (Dr. Brown will assist with this)
- Once qualified and tagged, you can mark/select GT as your child's program of study at DUNBAR

Please do not ask personnel in the Student Registration Office (SRO) to allow you to enroll in GT without following the above listed requirements for admittance. LRSD follows all Arkansas state GT rules and regulations for gifted and talented participation.
