

# Third Grade Welcome Newsletter

August 16, 2021

Dear Parents and Guardians,

Welcome to third grade! We want to build a relationship with you and your child so he/she will grow and learn this year. ***We expect you to participate in facilitating your child's growth.*** For example: monitoring homework, reading with your child, encouraging good behavior, studying with your child, etc... You can communicate any concerns or questions with us by writing a note in your child's agenda book, email, or leaving us a message at school.

This year your child will grow emotionally, cognitively, and socially. Our goal is to add to the foundation of learning that all children need before moving up to the next grade. We want every child to feel safe and successful. We will teach them, but they must be responsible for their own learning. We are looking forward to a successful year, working together to educate your child! ☺

Sincerely,  
Jenny Holmes  
Jamie McRae  
Randi Tanner

## What to expect in Third Grade

- Each night they will bring home their homework folder along with their agenda book. PLEASE remove bulletins and checked work.
- At the end of every day they will write their assignments in their agenda. *They are responsible for this.* Please make sure they complete the homework assignments and initial nightly in their agenda book.
- Assessments may not occur every week but will be communicated to you in advance through agendas, homework folders, email, or weekly newsletters.
- Your child is expected to meet his/her AR goal each nine weeks.
- Every third grader must memorize the multiplication facts (by October).
- Your child is expected to write neatly.
