

Meet Ms. Wallace!

My name is Yulonda Wallace. I received my BSE in early childhood education at the University of Arkansas at Fayetteville in 1982. I am a member of Phi Mu sorority. I received my masters in library science in 2013 from UCA. I have one daughter, Natalie and a 6 year old grandson who calls me YaYa. I worked at Forest Park 25 years ago and have come full circle back to this wonderful school in 2005. This is my 34th year to teach. One of my favorite things to hear children say is, ohhhhhh. This means that the children have understood what was taught. I enjoy going to the Athletic Club to do Zumba four days a week. I always look forward to each new year to watch students learn and grow in their academics as well as their personal lives. Attitude is everything for success!
