

## Meet Mrs. Corry!

My name is Whitney Corry and this is my 17<sup>th</sup> year in education and my 5<sup>th</sup> year as a Pre-K teacher here at Forest Park. I received my BSE and my M.Ed. in administration from Arkansas State University. I have taught Pre-K and Kindergarten! I have also worked as an educational consultant for schools in school improvement all over the state of Arkansas.

Every day is a new day in our classroom! One reason I love Pre-K so much is you actually have the flexibility to capitalize on teachable moments and make the most of them. I absolutely love seeing it “click” with my students and watching their expressions when they realize something for the first time.

I moved to Little Rock 11 years ago when I married my husband Nic! We have two children, William (8) and Mary Alice (4) and a precious Jack Russell, Ethel (15).
