

Meet Mrs. McKay!

Welcome to an exciting year in fifth grade! My name is Mrs. McKay, and I have been teaching in the Little Rock School District for 28 years. I earned both a Bachelor's degree and Master's degree from the University of Arkansas at Little Rock. I have been at Forest Park for 18 years and have loved working with wonderful colleagues and students each year. Getting to know and teach a new group is both exciting and challenging, but it's my passion.

If at any time you need to discuss your child, please feel free to contact me. If you need information about our vocabulary words or spelling words each week, check out our 5th Grade News tab on our school's website. I will be teaching your children many strategies for organization and study skills along with our 5th grade curriculum. We will also learn about character traits and responsibility. I have a big challenge in getting them ready for middle school, but I'm certainly up to the task. I know each one of them will grow and learn so much this year, and we will all be surprised and proud of their accomplishments at graduation. Thank you in advance for your support this year!
