

## Meet Ms. Yeatman!

My name is Virginia Yeatman, and I love teaching 4th grade at Forest Park. I have been teaching 15 years in the Little Rock School District, and an additional two years in American Samoa! Both of my adult children, Ellen and Chris, went to school at Forest Park. They both still know the school song! Prior to my teaching career, I was a travel agent for 13 years. I graduated from Rhodes College in Memphis, Tennessee with a BA in History and have completed many post graduate hours in Education. I recently received an additional ESL certification. In my spare time I love to walk my crazy lab, Jessie. Bridge is another hobby that I enjoy along with traveling and spending time with family and friends. I am constantly learning and that is exactly with I want my students to do and love. I'm very blessed to teach at Forest Park. The students, staff, and PTA make Forest Park the best!
