HELP US TO RECYCLE!

Your water bottle is refillable. Look for the water dispensers for refills before grabbing another bottle. Empty leftover water BEFORE placing water bottles in recycling bin.
Earth-friendly fruit picks are available!

Be sure to grab one.

A variety of water flavorings are available.
HELP US TO MANAGE OUR TRASH!

FIRST, empty container leftovers and trash into lined trash cans.

STACK (open) styrofoam containers in bins. It’s ok if they are dirty. This will help lessen the volume these containers will take up in our trash bins.

Thank you!! Together we can help our planet.
Be sure to grab a treat on your way home tonight. LePop will be served in the south parking lot after the program.

Not available until the end of our program!
