YOUR FUTURE IS POWERED BY STEAM.

CAREER PATHS OF OPPORTUNITY

ELIZABETH (JUNIOR)
COMPUTER SCIENCE

DESIREE (SOPHOMORE)
HEALTHCARE

TYLER (SOPHOMORE)
ENGINEERING

Come experience our new and innovating computer science pathway through Project Lead the Way. Students will take coding and robotics to a whole new level! Featuring project-based learning in a hands-on, high-tech lab!

This is more than just your typical science class. Explore the world of healthcare and science through Project Lead the Way Biomedical Science. Working with the same tools as professionals, students engage in hands on activities to solve real-world problems!

Project Lead the Way
Engineering empowers students to step into the role of an engineer, adopt a problem-solving mindset, and make the leap from dreamers to doers. The program's courses engage students in compelling, real-world challenges that help them become better collaborators and thinkers.

AND More...
Esports — only sanctioned LRSD school to offer Esports gaming! Esports promotes conceptual thinking, teamwork and sportsmanship through online gaming competitions.
