2: Annual Title I Meeting

Depending on the outcome of the 2021-2022 school year due to Covid-19, the goal is to host the yearly Title I Meeting onsite in September of 2021. The annual Title I Meeting may have to be held through virtual platforms. A copy of the LRSD Annual Title I Certification form will be submitted to the Title I Office by November 2021. Results from the Spring 2021 ACT Aspire and the NWEA (both state assessments) will be used and made available to parents, as well as, information on the school improvement plan. Parents will be informed well in advance through written correspondence home and other platforms, such as Twitter/Facebook, ParentLink, and/or Schoology. - Open House
- Title I Parent Information Meeting
- Math and Literacy Night
- Fall Festival

Upon request and to the extent possible, Central High School will provide communication in the language that parents can understand. During parent teacher conferences, parents may have the opportunity to review and sign off on the Districts Parent & Family Engagement Plan.

In an effort to assist Little Rock Central High School, parental surveys will be used to help establish activities that will be most beneficial in supporting our students. There were no negative comments from parents concerning the plan. There were no requests from parents about regular meetings; however, these meetings are in person/zoom to allow additional attendance. Please contact Dr. Frankie James, Parent Facilitator, at 501-447-1410 or frankie.james@lrsd.org

Little Rock Central High School invites parents to be involved in the development, implementation and evaluation of our school. Every effort shall be made to incorporate the use of school volunteers into each school’s program as well as other programs or activities of the school district. Ms. Tracie Suggs (volunteer Coordinator) at tsuggs@att.net or (501) 951-5414 provides ongoing Main Office, Guidance Office, and Attendance Office volunteer training opportunities. We encourage parents to become actively involved by:

- Completing a survey regarding interests and concerns, so the school can more effectively meet their needs. The purpose of this survey is to provide valuable feedback from parents of students who are enrolled at LRCH. Feedback is used to assist in the school improvement planning efforts. Parent input and opinion is valued, appreciated and important to continued school improvement.
- The National Network of Partnership Schools (NNPS): NNPS invites schools to use research-based approaches to organize and sustain excellent programs of family and community involvement that will increase student success in school. LRCH collaborates with LRSD Central-East Cluster Schools. The Central-East Cluster Schools are elementary (Bale, Carver, Gibbs, King, Rockefeller, Stephens, Washington, and Western Hills) and secondary (Dunbar, and Mann), and High School (Central and Metropolitan). The NNPS Program focus on the six "keys to parent involvement," identified by educational researchers as the critical components of home/school/community connections.

2: Annual Title I Meeting

- Annual Title I Meeting: Central will conduct an Annual Title I Meeting for parents of the students who participate in the Title I, Part A Program. The school will hold their annual Title I meeting separate from any other meetings or activities to ensure that they have ample time to provide a description/explanation of school curriculum, information on forms of academic assessments used to measure student progress and information on proficiency level students are expected to meet and parental rights under Title I. The agenda, the sign-in sheet and the minutes for this meeting must be generated separately from any other

Events and kept on file in the school’s office. LRCH Title 1 Program meetings are scheduled for Fall 2021. Contact: Nancy Rousseau, Principal-LRCH, at 501-447-1400 or Barbara Stafford at 501-447-1483 or Barbara.stafford@LRSD.org for further information regarding Title 1 Program parent meeting.

- Parents will have the opportunity to view and receive a copy of the 2021-2022 Parent & Family Engagement Information Packet.

The Title I committee, made up of teachers, parents and school staff, will determine the effectiveness of the parental involvement plan and make changes if warranted. While collecting evidence about satisfaction with the program and the school’s efforts to increase parental involvement will be a part of the evaluation, the survey will also collect specific information on the (1) growth in number of parents participating in workshops and meetings; (2) specific needs of parents; (3) effectiveness of specific strategies; and (4) engagement of parents in activities to support student academic growth.
- LRSD receives over $500,000 in Title I Part A allocation, therefore, each Title I school receives an allocation for parents from the district’s Title I reservation/set-aside. 9. Building Capacity Discretionary

1. The National Network of Partnership Schools (NNPS): NNPS invites schools to use research-based approaches to organize and sustain excellent programs of family and community involvement that will increase student success in school. LRCH collaborates with LRSD Central-East Cluster Schools. The Central-East Cluster Schools are elementary (Bale, Carver, Gibbs, King, Rockefeller, Stephens, Washington, and Western Hills) and secondary (Dunbar, and Mann), and High School (Central and Metropolitan). The NNPS Program focus on the six "keys to parent involvement," identified by educational researchers as the critical components of home/school/community connections.

Keys to Successful Parent Involvement Partnership:

- **Parenting**: Assist families with parenting skills and setting home conditions to support children as students. Also, assist schools to better understand families.

- **Communicating**: Conduct effective communications from school-to-home and from home-to-school about school programs and student progress.

- **Volunteering**: Organize volunteers and audiences to support the school and students. Provide volunteer opportunities in various locations and at various times.

- **Learning at Home**: Involve families with their children on homework and other curriculum-related activities and decisions.

- **Decision Making**: Include families as participants in school decisions, and develop parent leaders and representatives.

- **Collaborating with the Community**: Coordinate resources and services from the community for families, students, and the school, and provide services to the community. For more information visit National Network of Partnership Schools website at nnps@jhu.edu.

LRCH’s Action Team for Partnership (ATP): NNPS sixth key to successful parent involvement is “Collaborating with the Community.” The team is consisting of parents, teachers, administrators, and parent liaisons that are committed to creating a positive climate of family-school partnerships while helping to increase student achievement and success in school. ATP member’s is responsible to develop a one-year action plan of school, family, and community involvement. The team sets goals and identifies family involvement activities that support LRCH’s Indistar-ACSIP plan.

LRCH School Based Intervention Team (SBIT): Each LRSD schools must have a school-based intervention team (SBIT) in order to complete the referral process and compliance steps outlined in the LRSD Student Handbook regarding discipline in accordance with approved alternative learning environment (ALE) regulations. The purpose of SBIT is to collaboratively address poor academic performance, minor or severe behavior in the traditional school setting.

SBIT is designed for Restorative Justice. Our SBIT’s created Restorative Justice Preventive Plans include: an administrator, certified and non-certified staff members, students, parent/guardian/designee, community agencies, guidance counselor, social worker, and dropout prevention coordinator in creating a restorative justice action plan. Recommending a student to LRSD Alternative Learning Education (ALE) Program is our last result. Restorative Justice is a preventive strategy designed to prevent students from declining in academics and/or behavior. Our school-based resources, conflict resolution conferences and preventive strategies are used as a measure for students not to be referred to the ALE Program. Restorative Justice is encouraged school-wide.

SBIT seeks research-based strategies to design measurable restorative justice preventive plans to enhance targeted students’ academic performance and decision-making skills. Assistant Principals and student’s teachers’ data is highly considered in order to determine the root cause of academic failure or inappropriate behaviors that causes academic failure. The team establishes a manageable restorative justice preventive plan that includes safe havens to students in making responsible decisions.

LRCH school-based and/or outside agencies, as well as parent and students, serve as a vital resource in designing student’s restorative justice plans. The student’s teacher(s) provide a copy of his/her preventive plan that is considered in handling student’s potential off task academic and/or behavior accountability. For additional information regarding the SBIT please contact Dr. Frankie James, SBIT Coordinator, at 501-447-1410 or email: frankie.james@lrsd.org

Little Rock Central High School Wellness Center: The Wellness Center sponsors a school-wide “Health Fair” in the spring of each school year. This Health Fair enhances and supports the overall well-being of students and staff. Medical, Mental Health, and other professionals visit the classrooms providing awareness regarding various issues that could adversely impact
student achievement. For Heath Fair information please contact Linda Thompson, Secretary, at 447-1428 or School Social Worker Therese Skinner at 447-1427.

LRCH Social Worker is available if any student or parents/guardians need assistance in contacting outside agencies. The student’s parent/guardian is responsible for therapeutic services that are provided by an outside agency to assist students to maximize their ability to make responsible decisions.

Students, parents/guardians are recommended to enroll their child in one of LRCHS’s non-therapeutic school-based programs (15 or more programs) to enhance students’ problem-solving, and coping skills. There is not a fee for school-based non-therapeutic services. Majority of the outside agencies provides free services at LRCHS Wellness Center. The student is allowed to participate in only one group per semester. Refer to the appendix of this Parent Handbook for the Parent/Guardian, “Wellness Center Consent for Services Form.” Refer to LRCH website for the updated 2021-2022 revision after August 1.

1: Jointly Developed

Fulbright provides its parents with an opportunity to be involved in the development, implementation and evaluation of the school wide improvement plan by sharing the school's academic plan and highlighting how we can do more to become a better place for learning during our annual parent workshop. Our PTA fosters parental and community involvement within the school through varying efforts such as the quarterly "Reading is Fundamental (RIF)". Fulbright provides resources for parents and students and affords them an opportunity to work with and/or communicate their concerns through the school's Parent Facilitator. A suggestion/comment box for parents is conveniently located in the school's Parent Center, which is located on the lower level of the building across from the Kindergarten pods. In the Parent Center, parents and care takers, as well as community visitors may check out materials (e.g. Parenting books and magazines); select from a large variety of free parent related brochures, pamphlets and resources; and use the computer to check grades or visit educational websites during school hours (8:00am-2:00pm). Informational family packets are created annually and distributed to parents. The packet includes a copy of the school's parent and family engagement plan, survey for volunteer interests, recommended roles for parents/ teachers/students and school, suggestions of ways parents can become involved in their child's education, parent and family engagement activities planned for the current school year and information about the system that will be used to allow parents and teachers to communicate (notes, phone calls, e-mail). The school's handbook outlines the process for resolving parental concerns, including how to define a problem, whom to approach first, and how to develop solutions. The LRSD handbook is also a valuable resource that is reviewed with students throughout the year and made available to parents. During parent teacher conferences, parents may have the opportunity to review and sign off on the Districts Parent & Family Engagement Plan.

• Providing parents access to student's academic progress through HAC
• Providing parents with consistent behavior notifications school-wide using Class Dojo
• Encouraging parents to use email and communication folders to routinely communicate with members of the school staff (e.g. teachers, specialists, etc.) on an individual basis regarding their child's progress;
• Requiring each teacher to send home a folder containing student papers and work samples each week
• Providing weekly reports, interim reports and report cards- a parent-teacher conference will accompany the first 9 weeks' report card to discuss students' progress;
• Offering parents special opportunities each year to voice their opinions and suggestions in regards to the school's approach to school improvement through parent surveys;
• Offering parents numerous opportunities to stay connected and informed about parent workshops, meetings, upcoming events, and planned activities through brochures/flyers sent home with students, notices posted around the school facilities, advertisement through the school's morning broadcast, and the use of the social media sites.

Fulbright provides opportunities for parents and community members to support the foundation of the Little Rock School District's instructional programming through Reading Buddies, tutoring and mentoring. We will also compose and maintain a list of volunteer opportunities and solicit ideas for other types of volunteer efforts during orientation of parents throughout the school year. Parental instruction of how to incorporate developmentally appropriate learning activities and strategies at home are provided through our schools' Literacy and Math Nights as well as other parent-specific trainings (e.g. Homework Help, HAC access, Myon training, etc.). Teachers and Building administration will provide professional development designed to enhance their understanding of effective parent and family engagement strategies and the importance of administrative leadership in setting expectations and creating a climate conducive to parental participation.

A suggestion/comment box for parents is conveniently located in the school's Parent Center, which is located on the lower level of the building across from the Kindergarten pods. The school's handbook outlines the process for resolving parental concerns, including how to define a problem,
whom to approach first, and how to develop solution. The LRSD handbook is also a valuable resource that is reviewed with students throughout the year and made available to parents.

Fulbright kindly asks that parents and guardians consider completing a parent interest survey prior to the end of the school year. The survey will enable parents to evaluate the activities and events that their child/family participated in throughout the year and give them an opportunity to submit honest feedback about the ones that were most beneficial in supporting their child(s) academic and social growth. The results of the parent interest survey will be used to plan the parent and family engagement activities for the upcoming school year.

The Fulbright Administration, Grade Level Classroom Teachers (Pre-K through 5th), Specialists (Music, Art, PE, GT, Counselor, Reading Teacher and Multi-Site Math Facilitator) and the Parent-Teacher Association (PTA) plan/sponsor/host/facilitate numerous student-parent-family events throughout the year. All parties work together to ensure that the monthly meetings, activities and events promote a positive learning environment, encourage family participation, build teacher/staff and parent relationships, and increase parent and family engagement. Each event is thoughtfully planned with the parent/child relationship in mind.

(Find complete guidance on the DESE Parent and Family Engagement Requirements webpage.)
1: Jointly Developed
Gibbs Magnet will provide opportunities for parents to work collaboratively on planning and implementing our parent, family engagement plan. Our parents contributions are key to our success as a school community. Annually our school community will review the plan and make updates as the needs of our school community changes. Our parents are also invited to be involved in the development, implementation and evaluation of our Title I Schoolwide Plan which also serves as our School Improvement Plan. We are fortunate to have our parents engaged in the decision-making process in regards to student achievement.

Gibbs Magnet will involve parents on school improvement planning committees. Parents and staff will be provided with a brief training concerning this process by the school principal. This training will occur during the Fall Semester. Our principal and primary contact is Mrs. Tina Greenwood. She can be reached by telephone (501-447-4900) or email Tina.Greenwood@lrsd.org.

Gibbs Magnet will take advantage of the community resources to support our school improvement efforts. One of our primary supports is the Gibbs Parent, Teacher Association. Our collaboration will foster parental and community involvement in our school community. Contact Rachel Zachary at gibbsmagnetPTA@gmail.com for additional information.

2: Annual Title I Meeting
The Annual Title I meeting is very important and sets the stage for our work as collaborative partners with our parents. During the Annual Title I Meeting, our principal will share statewide assessment as well as the curriculum that we will follow at Gibb particularly as it relates to the Science of Reading and our magnet focus. We will also share with parents the opportunities associated with operating a Title I Schoolwide Program. Parents will be provided information and understand their rights as parents. We make every effort to hold this meeting annually in the month of September. To verify that we have met this criteria, we will upload our agenda and sign-in sheets along with our Title I Annual Meeting Verification Form on or before the district's deadline of November 1st annually.

3: Communications
Given these unprecedented times because of the global Coronavirus Pandemic, the communication between the school and home will be different. In order to ensure the continued well-being of our school community, the following guiding principles have been put in place:
1. Ensure a safe learning environment based upon the most current guidance from the Arkansas Department of Health (ADH).

2. Ensure the continuity of teaching and learning by providing a guaranteed and viable curriculum that addresses unfinished learning from the prior year, introduces new learning while utilizing technology to enhance regular classroom instruction.

3. Support teachers in providing virtual instruction by providing training in technology, addressing social and emotional needs of students and self, and culturally responsive practices.

4. Provide guidance and support for educators, parents and students in the areas of health, safety, and social emotional learning.

5. Engage educators, parents, students, and the community.

To ensure that we are meeting the needs of parents and students we will communicate with parents in various ways we will:

- use surveys with our stakeholders at the end of the year to help develop goals and objectives for the next school year. This survey will be distributed by the parent facilitator and/or the PTA. For more information, contact Tongela Allen or Jamie Alverson at gibbsmagnetPTA@gmail.com or Renada Burt at 501-447-4900 or Renada.Burt@lrsd.org.

- distribute volunteer opportunities to all parents. Then, a volunteer resource document will be created and shared with staff and parents. This living document will be displayed in the Parent Center on the Volunteer Job in the Fall of each year.

- use the school website and eSchool to communicate pertinent school information to our school community. eSchool provides parents access to their child's grades and parents may use eSchool to communicate with their child's teacher. Contact our Main Office Administrative Assistant by calling 501-447-4903.

- ensure two parent teacher conferences per school year for individual parents to discuss academic and behavioral progress of their students. Parent teacher conferences will be held during the Fall (October) and Spring (February) annually. The specific dates and times are included in the LRSD Calendar.

4: School-Parent Compact

Gibbs Magnet will work with parents to develop a school-parent-compact. This compact will outline how parents, school staff and students share the responsibility for improving student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the state's high academic standards. All Stakeholders will sign the compact.

The school will engage parents in the annual evaluation of the School Improvement Plan and the Title I, Part A Program's parental involvement efforts through an annual evaluation using a comprehensive needs assessment. This assessment will be completed by teachers, parents and school staff. The principal will designate (1) certified staff member to serve as a parent facilitator. The Parent and Family Engagement Committee, made up of teachers, parents and school staff, will evaluate the effectiveness of the parent and family engagement plan and make changes if warranted.

2: Annual Title I Meeting

Title I, Part A School, an Annual Title I Meeting will be conducted annually. The agenda, sign-in sheet and minutes for this meeting will be generated separately from any other events and kept on file in the school's office. The school will hold their annual Title I meeting separate from any other meetings or activities to ensure that they have ample time to provide a description/explanation of school curriculum, information on forms of academic assessments used to measure student progress and information on proficiency level students are expected to meet. The meeting will be held in September by Principal, Karen Carter. The school shall submit evidence of the Title I meeting by completing the LRSD Annual Title I Verification Form and submitting it to the Title I Office by November 2021. During the Annual Title I Meeting, parents will have the opportunity to view and receive a copy of the 2021-2022 Parent & Family Engagement Information Packet.

3: Communications

Parent involvement means the participation of parents in regular, two way, and meaningful communication involving student academic learning and other school activities, including and ensuring that:

Parents play an integral role in assisting their child's learning and that parents are encouraged to be actively involved in their child's education and are more included, as appropriate, in decision-making and on advisory committees to assist in the education of their child. We believe in the importance of parents as their child's first teacher. We also believe that only a team approach that includes a commitment from all of the individuals that influence a child's day can assist in making each child successful academically and individually. The Parent and Family Engagement plan will be uploaded to the school website and Indistar. The plan will be available in a variety of areas within the building. The LRSD and school Ready to Learn plans will also be made available in a variety of areas within and
outside of the building. To the extent possible, communication will be provided to parents in the language of origin. The school will use a variety of communication tools, such as:

- King Facebook page
- Twitter
- Parent-Link
- Email
- Video Conferencing
- Class Dojo

4: School-Parent Compact

School staff, parents, and students will develop a school-parent-student compact. This compact will outline how parents, school staff, and students share the responsibility for improving student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the state's high academic standards. All parents will attend 2 parent conferences (virtual and/or in person) throughout the year to discuss student progress on daily instruction and school, district and state assessments. Parents have the opportunity to visit the classrooms and volunteer for a variety of activities throughout the school year. (See Ready for Learning plan for information in regards to visitors.)

Title 1 Parent and Family Engagement: Type 1 Parenting; Type 5 Decision-Making

Mabelvale Elementary plans to have meaningful, two-way communication with parents involving student academic learning and other school-related activities. Mabelvale Elementary will provide opportunities for parents to be involved in the development, implementation, and evaluation of the parent and family engagement plan, the school-wide improvement plan, and the Annual Title 1 meeting. We want to give parents the opportunity to have a voice and help with decision-making regarding our school's Title 1 program. We plan to do this by conducting meetings, via face to face or through zoom, throughout the year. Furthermore, we plan to have our annual Title 1 meeting in September 2021.

Annual Evaluation of Parent and Family Engagement Plan: Type 5 Decision Making. Mabelvale will provide parents the opportunity to submit any comments to the school if the Title 1 Schoolwide Plan is not satisfactory.

Mabelvale Elementary will involve parents in the evaluation of its parent and family engagement activities. Mabelvale will do this by conducting an annual needs evaluation completed by the staff, teachers, and parents. This evaluation will be in the form of a survey which will collect information about parent needs, parent participation, engagement of parents in activities to support academic growth, and ideas on how to better our program and involve parents. Stephens Elementary is a member of Johns Hopkins University National Network of Partnership Schools (NNPS). The NNPS School, Family and Community Partnership model designed to enhance parent participation and involvement in the school and community. The researched-based model references six types of involvement: Parenting (Assist families with parenting skills and setting home conditions to support children as students also, assist schools to better understand families); Communicating (Conduct effective communications from home-to-school and from school-to-home about school programs and student progress); Volunteering (Organize volunteers and audiences to support the school and students. Provide volunteer opportunities at various times and locations). Learning at Home requires (Supporting families at home with resources for homework and curriculum-related activities). Decision-Making (Include families as participants in school decisions, develop parent leaders and representatives as role models); and Collaborating with the Community (Coordinate resources and services from the community to families, students, and the school, and offer supports from families, students and the school service to the community). To support the six types of involvement, Stephens participates in the LRSD NNPS Central-East School Cluster Team.

Stephens Elementary delivers information and solicits input in-person and through virtual media platforms from our parents and families through our Annual Title I meeting. We discussed school theme, practice and compact for the year, Title 1 funding allocations for the school year, our school curriculum, academic assessments, PBIS behavior expectations, and how our parents can obtain resources needed for student success and provide feedback to administration throughout the school year.

The principal, teachers, and parents helped to update School-Parent-Compact distributed to parents in August of each school year, at the Student Registration “Check-In”, and when new families enter the school. The compact is a living document that explains how parents, school staff, and students all share the responsibility in providing a scholarly education.
The Parent and Family Engagement Center provides resources/information for parents, families, students, and the community. There are Books/Brochures/Pamphlets to assist our students with uniforms, other school wide incentives, and after school program availabilities.

Stephens has Community Partners meetings that are open to parents to provide feedback. Parents can participate and access school computers in the library and parent center parents to share comments and suggestions for follow-up.

Our school Facilitator collaborates with parents and faculty to provide academic tutoring and resource options for students and families; our school counselor is available to counsel our students and collaborate with parents regarding attendance and student behavior. She offers transitional assistance to our families and provides behavior assessment referrals to our School based clinic as needed. Our School counselor assesses the nutritional needs of our families and provides some weekend meals for students. Stephens also has a food pantry program to aid in meeting the nutritional needs for our families. Stephens has an in-house bank that promotes financial literacy to our students and families.

Our Engagement Coordinator often meets with new students and parents to provide Title I information and resources on how to access our school-based health clinic staff for social and emotional needs. Our Parent Facilitator assistance families with components needed for academic success and our Parent & Family Engagement Coordinator assess parent engagement through surveys that address school climate; forwarding feedback and following up to the administration for District referral or contact regarding Title I School wide Plan dissatisfaction or transitional assistance needs.

Parent surveys evaluate program needs within the school. The principal and the Professional Learning Community meets to discuss the outcomes of the surveys or techniques on how to use data to implement, evaluate, and enhance parental engagement in the school. Stephens Parent and Family Engagement

School Mission: The mission of Wakefield Elementary School is to provide each student with a developmentally appropriate education that will lend itself as the foundation for future learning. Assisted by parents, teachers, and the community, students’ social and educational needs will be met which will provide them with the opportunity to become productive lifelong learners.

Teachers will provide parents literacy/math family activity kits. Teachers will distribute a monthly newsletter which will highlight skills being taught in the classroom. Teachers will keep their eSchool accounts updated with pertinent information concerning students in their classroom. The school will provide information explaining the school's involvement with the LRSD’s reading initiative and how the parents can be involved in supporting the goals of this initiative.

To ensure that parents have access to the parental involvement plan for the district, the plan will be available online. In addition, hard copies will be available in the parent center, located in the library. Copies of the plan will be available in Spanish as well. During parent teacher conferences, parents will be provided the opportunity to voice concerns about the plan, and the comments will be turned in to the district.

1. Ensure a safe learning environment based upon the most current guidance from the Arkansas Department of Health (ADH).
2. Ensure the continuity of teaching and learning by providing a guaranteed and viable curriculum that addresses unfinished learning from the prior year, introduces new learning while utilizing technology to enhance regular classroom instruction.
3. Support teachers in providing virtual instruction by providing training in technology, blended learning (delivery of instruction), addressing social and emotional needs of students and self, and culturally responsive practices.
4. Provide guidance and support for educators, parents and students in the areas of health, safety, and social emotional learning.
5. Engage educators, parents, students, and the community.

Teachers will keep their eSchool accounts updated with pertinent information concerning students in their classroom. The National PTA's Parents' Guide to Student Success is intended to clarify what the Common Core Standards are and what students are to learn in each grade. The PTA has produced a guide for each grade K-8 and two guides per grade 9-12 (one for English language arts/literacy and one for mathematics). The guides are also available in Spanish and include activities that parents can do at home to support their child's learning and methods for helping parents build stronger relationships with their child's teacher. The high school guides also include tips for planning for college and career.

   • Family support programs to assist families with health, nutrition, and other services.
   • Home visits at transition points to elementary, middle, and high school.

2. Communicating: Design effective forms of school-to-home and home-to-school communications about school programs and children's progress.
   • Conferences with every parent at least once a year.
   • Language translators to assist families as needed.
   • Regular schedule of useful notices, memos, phone calls, newsletters, and other communications.

3. Volunteering: Recruit and organize parent help and support.
   • School/classroom volunteer program to help teachers, administrators, students, and other parents.
   • Parent room or family center for volunteer work, meetings, and resources for families.
   • Annual postcard survey to identify all available talents, times, and locations of volunteers.

4. Learning at home: Provide information and ideas to families about how to help students at home with homework and other curriculum-related activities, decisions, and planning.
   • Information for families on skills required for students in all subjects at each grade.
   • Information on homework policies and how to monitor and discuss schoolwork at home.
   • Family participation in setting student goals each year and in planning for college or work.

5. Decision making: Include parents in school decisions, developing parent leaders and representatives.
   • Active PTA/PTO or other parent organizations, advisory councils, or committees for parent leadership and participation.
   • Independent advocacy groups to lobby for school reform and improvements.
   • Networks to link all families with parent representatives.

6. Collaborating with the community: Identify and integrate resources and services from the community to strengthen school programs, family practices, and student learning and development.
   • Information for students and families on community health, cultural, recreational, social support, and other programs/services.
   • Information on community activities that link to learning skills and talents, including summer programs for students.
