

Little Rock School District ROCKEFELLER SCHOLARSHIP AWARD

GUIDELINES

[Introduction](#)

The Rockefeller Scholarship Award (RSA) was started in 1953 by the late Winthrop Rockefeller. The award is solely for African American students attending accredited collegiate institutions in Pulaski County, Arkansas. The selection of scholarship recipients is based on high scholarship, financial need and personal integrity. The Little Rock School District Board of Directors is responsible for administering the scholarship endowment trust fund.

The following guidelines for the Rockefeller Scholarship Award were designed with several objectives in mind. **First**, the RSA should increase the opportunity for low income African American students to attend college. **Second**, the RSA is expected to help combat the declining enrollment of African American students in higher education. **Third**, the RSA should motivate African American high school students to achieve and maintain high scholarship and good citizenship. Finally, the academic requirements of the RSA should help give scholarship recipients a good foundation for future academic growth and development.
