

Looking for a STEM Learning Experience? Interested in a Career in STEM/Health Care Professions?

Join Us for a Summer of Science!

The UAMS Division for Diversity, Equity and Inclusion offers virtual summer programs to immerse underrepresented minority and disadvantaged K-12 and college students in science, technology, engineering and mathematics (STEM) learning experiences with a focus on health care careers and professions.

This year, all programs are virtual!

Choose from:

- **Junior STEM Academy I** (grades K-2) & **II** (grades 4-5)
- **Senior STEM Academy** (grades 6-8)
- **Academy of Pre-Health Scholars** (9-12 grade)
- **Student Athlete STEM Academy** (9-12 grade)
- **Pre-Health Summer Scholars:** (Undergraduate Freshmen and Sophomores)
- **Pre-Medical Summer Scholars Phase II** (Undergraduate Juniors and Seniors)

Visit uams.info/Summer for program dates, additional information or to register.

Financial assistance is available for any program; see program information for details.

Application deadline: April 09, 2021.
