War Eagle Parents and Student Athletes,

Hello War Eagles. My name is Coach Blake and I am honored to share with you that I have been chosen to lead our War Eagle football program for next year's inaugural season. Are you ready to make history?!?! Because I know I am. I have been a coach in LRSD for 7 years as a member of the LR Central coaching staff where I served in a number of positions, including varsity WR and QB coach, as well as 9th Grade Head coach. That experience will allow me to develop character, commitment, and prepare each athlete to reach their full potential as a student as well as a football player.

As we get closer to the start of our season, I am excited to meet and greet each player and parent. Most of the communication for War Eagle football will take place on the Remind App. Please reach out through email if you are interested in playing football next year and would like to be added for future schedule updates. Let's make the first season one to remember.

Coach Blake, Head Football Coach
