Dr. Holmes made brief remarks regarding the progress in preparation of the budget. Two budget work sessions have been held, and input from those sessions have been used to create the budget that will be presented for the board’s consideration and approval.

He reported that as vacancies occur due to retirement or other circumstances, the positions will not be filed unless they are required by state standards.
At the agenda meeting on July 14, 2011, Dr. Holmes presented citations and recognitions to the following students and teachers in the LRSD.

**Boshan Zhao** was recognized for being selected as the 2011 U. S. Presidential Scholar. Boshan just graduated Central High School. Only 141 seniors earn this honor each year, and students are selected based on outstanding academic and leadership accomplishments throughout their high school years.

**Carolyn Blome** and **Katrina Adams-Long**, first grade teachers at Gibbs Magnet School, recently completed **Cognitive Guided Instruction**, or CGI, leadership training. They are now CGI Teacher Leaders for the Arkansas Department of Education. CGI is the practice of listening to children’s mathematical thinking and using it as a basis for instruction. Students achieve higher math scores with CGI-trained teachers.

**Elementary school level:**

At the middle school level:

She encouraged parents to join the PTA at their school next week during check-in, and to fully participate in school activities.
D. Little Rock Education Association

Cathy Kohler stated concerns regarding the identification of the qualifications for student success. She asked the board to develop their own standards above and beyond what the state requires. The LRSD has a high population of ESL and ELL students as well as students who don’t have a high degree of parental support in the home. She asked the Board to consider the students first as they ponder the decisions they make and not to lose sight of why we are here.

She also asked that the LREA be included at the table as solutions are developed. She asked to continue a positive collaborative relationship with the board and administration, saying she didn’t want to be in a position of opposing a proposal because the PN Agreement hasn’t been considered at the initial development stages.

Ms. Kohler closed by announcing a welcome back to school even for educational support personnel on Sunday, August 7, 5:30 to 9:00 p.m. She invited board members and the superintendent to attend. She also announced the new address for the LREA office: 119 South Izard Street. An open house will be held on August 18, from 3:00 – 6:00 p.m.

Students from other parts of the state may never experience these types of violence in their smaller communities.

She was encouraged by the sessions for the principals and impressed with the information on using technology in the classrooms. She also reported visiting several summer school sites including Dodd Elementary, Bale Elementary and Cloverdale and Henderson Middle Schools.

Dr. Mitchell encouraged parents to become actively involved in the educational partnership between the home and the school. She asked parents to ensure their students do their homework and participate fully in the opportunities provided to them at school.

Mr. Carreiro also briefly discussed the board’s prioritized goals, and promised that everything done at the board table would be centered on those goals. “Decisions made tonight will be steps toward meeting the goals.”

Ms. Fox welcomed back the building administrators. She reminded parents about registration dates the following week. She noted that teachers return to work next week, and she thanked everyone for the work they do to serve LRSD students.

Mr. Becker’s report was provided as part of the board’s agenda. Mr. Carreiro reported that he had visited with the auditors and that the process was getting started. B. Curriculum, Instructional Staffing, Budget, Instructional Intervention Programs

Dr. Holmes presented a rigorous academic program which he described as “clear, specific and naked.” It is desired that the curriculum frameworks developed by the state become the basic requirement for developing a plan for classroom teaching in the LRSD. Information provided in the board’s agenda was reviewed in specific detail, and Mr. Glasgow and Dr. Holmes responded to questions.

Mr. Carreiro questioned the impact on the school ACSIP plans and whether the state would accept the modifications being recommended. Mr. Glasgow responded to questions regarding consulting with the ADE and stated confidence that the board’s recommendations would be accepted by the state. The ACSIP plans are due to the ADE on October 1.

The board recessed at 7:00 p.m. The returned at 7:15.

Dr. Holmes continued reviewing recommendations for revising curriculum, staffing, budgeting and intervention programming. He explained the realignment of staff assigned directly to the associate superintendents.

Dr. Sadie Mitchell provided a review of the curriculum revisions within the reading program in the LRSD and asked Lillie Carter, principal of Pulaski Heights Elementary to provide a personal perspective on the Houghton-Mifflin curriculum resources which were recently presented at the principals’ leadership institute.
Dr. Holmes assured the board that the revisions include no new positions; staffing will be realigned from the existing employees. He also indicated that he might consider appointing a deputy superintendent at a later date, but not until the desegregation issues are settled.
