Mr. Heller thanked the board for the privilege and pleasure of working with them for many years. He reported that the Arkansas Board of Education had approved the charter application for the Little Rock Urban Prep Academy for Boys, but with the conditions and stipulations that had been requested by the LRSD. Those stipulations included a requirement to serve lower socioeconomic and lower performing students.

Mr. Heller noted that two hearings were scheduled for January; one would be the North Little Rock School District’s request for unitary status and the other would be the same request by the Pulaski County Special School District. He reported that no interdistrict issues would be raised; only those which relate to their own compliance with existing intra-district plans.

C. Update: Truancy Review Committee

Dr. Dennis Burrows provided a brief status report on the progress of the Truancy Review Committee. The committee met on December 10th. They are sending letters inviting additional members of the community to serve on the committee. They will complete the development of bylaws in January, and hope to have a more complete committee list at that time.
D. Update: LRSD Professional Development

Dr. Watson announced that Marion Woods had recently attended the National Staff Development Council meeting where she was honored for her participation in the organization and for organizing an Arkansas Affiliate of the NSDC. Part of her responsibilities include orienting new members and serving as a mentor to teachers across the state.

Mr. Kurrus asked that district administrators monitor implementation of programs to ensure that the professional development ensures an impact on classroom learning and on closing the achievement gap. He asked about intensive training and monitoring of entry level teachers to assess their effectiveness by measuring the achievement of the students in their classrooms. Dr. Sain reported that the Pathwise mentoring program provided support for these novice teachers for up to two years and that other district administrators were available to assist when weaknesses were identified.

E. Update: LRSD Social Studies Education

Marie McNeal, director of social studies, introduced Laura Beth Arnold, lead social studies teacher for elementary level students and coordinator of the Teaching American History Grant. Information on the Teaching American History Grant was also provided, indicating that the district partners with UALR, the Clinton Library and Central High School National Historic Site. These partnerships provide opportunities for teachers to participate in summer programs, community symposiums, field trips and other professional development activities.

Ms. McNeal closed by inviting the board and audience members to participate in the 2010 National History Day competition on Saturday, January 30, 9:00 a.m. to noon at Washington Magnet Elementary School. An awards and recognition program will begin at 1:00 p.m.
