

## Principal Message

November 3rd, 2019

Dear Parents,

The Forest Park character quality for November is “Listening” actively with ears, eyes, heart, and brain. Please refer to page 40 in the agenda book for the Family connection component to dive deeper into developing this important personal attribute. We are also building the habit of “putting first things first”, by doing what we need to do before we do what we want to do. See page 7H- 8 in the front of the agenda book for extending the conversation with your child.

These traits are timely to remind us to embrace what is most important, our students’ academic, social, and emotional growth. We will have school every day until the last day of the school calendar year to abide by the law and governance of the Arkansas Department of Education. Please feel free to reach out to me with any questions or concerns you may have this time.

I am thankful for each one of you and God’s blessings of Forest Park.

Respectfully,

Theresa Courtney-Ketcher, Principal
