Special Note to students who live outside the Little Rock School District and ride buses to LRSD schools: In the event that LRSD schools are open and your “home” district is closed due to inclement weather or other circumstances, your school bus will not run. Your transportation is provided by your home school district, so you must secure your own transportation to school on these days.

CHANGING A BUS STOP
Parents can only have bus stops changed for safety reasons. To do this, you will need to fill out a Safety Stop Request Form at the school. The following conditions do not warrant a change of bus stop:
1. Parent’s desire to be able to see bus stop from home.
2. Convenience.
3. The bus passes your house in route to the stop.
4. If the current stop is less than four blocks from elementary or six blocks from middle/high school students.

SAFETY STOP
You may request a safety stop if your child’s bus stop or walk to school is unsafe due to street/traffic conditions.

The Administrative Transportation review committee will determine what conditions qualify as a safety hazard. The processing and review procedures are as follows:
1. Parents must fill out a SAFETY STOP request form at the school.
2. The school will submit the request to First Student with a “print screen” attached.
3. The Administrative Transportation Review Committee will meet once a week, or as needed, to review requests.
4. Parents and the school will receive notification within 30 days of the committee meeting.
5. Incomplete or improperly filled out forms will be returned to the school.

Note: If your child has a medical condition and is in need of transportation, contact the Special Education Department at 447-1033.

RESPONSIBILITIES

• First Student will provide transportation according to the guidelines in the Student Registration Handbook.

• Transportation is only provided from home to school and from school to home.

• Parents are ultimately responsible for their child’s safety to and from the bus stop.

• All students are asked to be at the bus stop ten (10) minutes prior to the pick up time. If the bus has not arrived ten (10) minutes past the pick up time; call the First Student Dispatch Office (447-4160) for a status on the bus.

• Drivers are not allowed to amend their routes without permission from a member of First Student management.

• Permission to use an existing stop other than your child’s assigned stop must be approved by the school.

• Do not make arrangements to have your child picked up or dropped off at an unauthorized location.

• All bus stops are designed in accordance with Isaac’s Law; this prevents the student from crossing 4-lane streets to get on and off the bus. Any violation of this should be reported immediately so the circumstances can be reviewed and corrected.
